- Video Editing
- Coding
- Dashboards
- Data Analysis
- Automation

## WORK EXPERIENCE

Trainee 2022 - 2023

### Vallourec I Brazil

At Vallourec, I was able to showcase all the knowledge I had accumulated for the first time in the IT field. I developed web, desktop, and mobile applications, as well as indicators and automations. I participated in various projects, including the control tower, where we set up a monitoring room for logistics. Being my first job, I was able to develop numerous technical and socioemotional skills.

Video Editor 2018 - 2022

### Freelancer I Brazil

I worked independently as an audiovisual editor during my high school years. I produced videos for various individuals, emphasizing quality and affordable prices. I am an enthusiast of this artistic medium. You can review my editing work by getting in touch via email or phone.
